

The Purpose of RTTDC:

- To train rural hospital and clinic personnel in a team approach to the initial assessment and resuscitation of the injured patient
- To rapidly initiate transfer to definitive care when appropriate

Objectives:

- To improve care of the rural trauma patient by:
 - Establishing a trauma team using the personnel and resources available at a facility
 - Developing a team approach to trauma resuscitation, stabilization and prompt transfer
 - Identifying key factors in organizing and preparing the resuscitation area and equipment

Date: September 10th, 2014 0730 AM-5 PM
